1. This action is responsive to the amendment filed on June 16, 2004. Claims 1-5, 8-9 were canceled. Claims 31-32 are newly added. Claims 6-7, and 10-32 are pending. Upon further consideration of the pending claims, further restriction is deemed necessary as presented below:

Election/Restriction

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 6-7, and 31-32, drawn to computer network access regulating, classified in class 709, subclass 225.
- II. Claim 10-30, drawn to network resource allocating, classified in class 709, subclass 226.

3. Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because invention I is directed toward examining the request and regulating access to resources based on the request. The subcombination has separate utility such as examining a data stream and allocating the content to a network resource.

Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one

Art Unit: 2157

claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).

4. A shortened statutory period for response to this action is set to expire **0 (zero) months and 30 (thirty) days** from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C. 133, M.P.E.P 710.02, 710.02(b)).
